P.O. Box 5825
Berkeley, CA 94705

Dear Ms. Wilcox:

I am in receipt of your letter of February 14, 2001 regarding speed bumps.

I have enclosed a copy of a police report regarding an accident involving one of my Department's vehicles and a speed bump.

The Providence Fire Department also entailed an accident with the same speed bump with one of their fire trucks. I have attempted to locate a copy of their report through their Department, however, at the moment it seems to have been misplaced. However, I was able to get some information on the damage the fire truck sustained. The approximate dollar amount was \$15,000, and there was damage to the frame, pump, various body cracks, the water tank was cracked, and in the future, as the truck is used various other problems could arise.

If you require further information or assistance with this matter, please do not hesitate to contact my office.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard T. Sullivan", written over a circular scribble.

Colonel
Chief of Police
